

Over the Edge

Red Fang

It's not the truth I seek
It's just a mockery
Don't need to waste my time
You know I've really tried
You take and never give
It get's so hard to live
I'm hangin on a ledge
Pushed straight over the edge
Don't do the thing's you do
Don't have to oblige you
Makin choises on my own
Don't buy their trite, and drone
Grow up and be a man
Drop dead right where I stand
I hangin on a ledge
Pushed straight over the edge
