

The Lone Walk

Red Harvest

Walk the bridge
Between worlds
Dive into the deep
Naked and alone
Wash away
What needs to be
Left behind
Nothing will
Remain
The same

We're moving in a spiral
Sun Dance in higher places
Remove the curtains
The long sleep is over

Walk the bridge
Between worlds
Under a star light sky
I touch the earth
Wash away
What needs to be
Left behind
Nothing will
Remain
The same
Again
