## **Red Hot Chili Peppers**

1. Things will never be the same Still I'm awfully glad I came Resonating in the shape of things to come Never waiting when I know there's only one

Messed it up but rest assured
No one ever thinks they're cured
Just a minute while I reinvent myself
Make it up and then I take it off the shelf

- \*: Over the laws of light
  Over the moon by midnight
  Let's do it all this time
  Everyone wishing well we go
- R: Everyone knows anything goes
  We are the lotus kids
  Better take note of this
  For the story
- 2. The rising moon is on the shine The blood of scorpios a nine Like the fear that's in the eyes of every doe Say it now cause John and Jane would like to know

Is it safe inside your head Songs to serenade the dead All along I said I know no enemies Mix it up until there are no pedigrees

\*: Over the laws of light...

R: Everyone knows...

\*: Over the laws of light...

Enter the rolling tide Over the ocean so wide Let's do it all this time Everyone wishing well we go

R: Everyone knows... (3x)
