

## Love At First Feel

Red House Painters

I didn't know where you came from  
And I didn't know your name  
And if you were legal tender  
Well I spent you just the same  
I didn't know it could happen to me  
Love in the third degree  
It was love at first feel

They told me it was disgustin'  
They told me it was a sin  
Every night at your front door  
I'd smile when you let me in  
Now it's you and me baby  
In your house all alone  
Better make things happen  
Before your mum and dad get home  
It was love at first feel
