

Hold Tight

Red Rider

I can't sleep, the world is closing in
I reach for someone, you're not there
We say things sometimes we never mean
Who's to say what is and is not fair,
Turn out the light

Hold tight, the seasons pass
Hold tight, the darkness never lasts
Hold tight, we are strong
Hold tight, we are as one

Never be too far gone
Always leave yourself some room to get in
Time will pass then have no doubt
We'll send someone to get you out
And what then

Hold tight, the seasons pass
Hold tight, the darkness never lasts
Hold tight, we are strong
Hold tight, we carry on

And then, then the change
Someone has attached wires to my brain
And, oh, the sky is falling
When all the while we thought for sure
That London was calling

Hold tight, the seasons pass
Hold tight, the darkness never lasts
Hold tight, we are strong
Hold tight, we are as one

Hold tight, the seasons pass
Hold tight, the darkness never lasts
Hold tight, we are strong
Hold tight, we carry on

Hold tight, the seasons pass
Hold tight, the darkness never lasts
Hold tight, we are strong
Hold tight, we are as one
