

Human race

Red Rider

can see it on the road ahead
Running hard I'm here
But I could be there instead

Many houses with the lights on
Silhouettes behind the shades
Beside fires

I'm sure that I saw you in one
I loved you but,
That was way back then

Now I'm alone outside
And I face the wind
The rain washes me thin

Knocked me down and I got back up
And I got myself back in the race again
Knock me down, and I'll get back up
And I'll get myself
Back in the race again

Race through the shadows
Race against stone
The sunken city that
I thought was my own

Might be in a brave new world
But it's really not my home
Roll over fall in

"My god", I screamed
They might catch them,
But they won't catch me
I'm out here clean
I'm free...yes I'm free

Knocked me down and I got back up
And i got myself
Back in the race again
Knock me down, and i'll get back up
And i'll get myself
Back in the race again
