

April

Red Wanting Blue

Nothing
Everything
Is runnin through me
Something
Someone
Better grab a hold of me
Tired
So tired
I need somewhere to lie down
I'm nothin
I'm nothin
You're the queen and I'm the clown

And I'm tired
Of this paint
So tired

Cradle me with your naked eyes
So wild and free
I watch you dance in the skies alone
Wilting flower
I'm running out of breath
Cause I'm drowning in the shadows of loneliness

Only April's rain can nourish me
Oh please April rain would you water me

No one
Everyone
Is driving through me
Nowhere
Everywhere
Is where I want to be
Flyin
Flyin so high
I fear I won't come down
I'm nothin
I'm nothin
You're the queen and I'm the clown

And I'm tired
So tired of this paint
So tired

Cradle me with your naked eyes
So wild and free
I watch you dance in the skies alone
Wilting flower
I'm running out of breath
Cause I'm drowning in the shadows of loneliness

Only April's rain can nourish me
Oh please April rain would you water me

With your love
With your love
With your love
