

Fallen

Red Wanting Blue

I've fallen
In every little thing that's happened
I've fallen down
Forgive me
For every little thing that's happened
Forgive me now

Oh, she's a fallen angel from the sky
Caught along the way and I'm all...
In every little thing that's happened, ooh

I've fallen
For every little wicked romance
I've fallen down
Forgive me
For letting there be second chances
Forgive me now

Oh, she's a fallen angel from the sky

I wish you would fly for the sake of my gun shot you down
You're the only one
And you'll be alright
It'll be alright

I wish you would fly for the sake of my gun shot you down
You're the only one
And you'll be alright
It'll be alright
It'll be alright
It'll be alright

I wanna see

I've fallen
In every little thing that's happened
I've fallen down
Forgive me
For every little thing that's happened
Forgive me now
I've fallen
In every little thing that's happened
I've fallen down
I've fallen down
I've fallen down
I've fallen down
I've fallen down
