

Venus 55

Red Wanting Blue

Do anything for you
My love
I want it all for you
My love
I steal it all for you
My love
We need to see this through
My love

It's all become so clear
It's all become so clear
It's all become so clear
So clear, so clear, so clear

Cut me open and feast
On the inner side of me
Keep me hopin' and cleanse
The stains they left on me
Dip you in the sea of sex
Go and dry off in my mouth
We'll keep drivin west
While the rest go south
Shoo-ba-dee-fuck-ity-fuck-ity bah

Let you sleep in my palms
My love
I'll eat the rest of you
My love
Until you are inside
My love
We need to see this through
My love

It all becomes so clear
It all becomes so clear
It all becomes so clear
So clear, so clear, so clear

Cut me open and feast
On the inner side of me
Keep me hopin' and cleanse
The stains they left on me
Dip you in the sea of sex
Go and dry off in my mouth
We'll keep drivin west
While the rest go south
