

# Love Me Or Leave Me

Rednex

Oh I love you so  
That's why it hurts to know  
That my crying is what shows  
Since the first time we made love  
My soul ain't strong enough

Love me or leave me now  
Be there in my fears and doubts  
Rise me when I'm down and out

Love me or leave me now  
Help me give my world a spin  
Please don't fence me in  
Love me or leave me

Now when I am down  
Then you turn around  
Please don't leave me here unsound

I need you to understand  
Now's when I need a helping hand

Please, let me rest in your arms tonight  
Can't you tell  
Every shedded tear is a cry for help

Love me or leave me now  
Love me or leave me now  
Oh when hell is breaking in

God, I need your healing
