

1:59

Reed Deming

Everybody, everybody run with me now
Run with me, today we will make history
Everybody, this is everything we dreamed of
Run with me, today we will be champions

You run with me, the sun's about to rise
We will join up at the starting line
We can see the future in the skies
And now the dream we had has come alive
One, two, three, now history is made
'Cause Kipchoge runs 1:59 today
The final test of his determination
Only thing that's standing in his way

We prepared in every way (ah-ah)
We change everything today (ah-ah)
You'll be on a record place (ah-ah)
Victory is the only way (ah-ah-ah-ah-ah)

Everybody, everybody run with me now
Run with me, today we will make history
Everybody, this is everything we dreamed of
Run with me, today we will be champions

Time is now, moment is here, moment of truth
But we're training, we got nothing to fear
Behind the smoke in the mirrors we were always right here
We just kept our heads down, let no one interfere
Never for fame or the glory, just in love with the sport
And that love will never change, you can always be sure
So from the finish line to the sound of the gun
If we can beat ourselves we can beat anyone

Tell 'em we gon' hold the pace, yah-yah-yah
We came here to demonstrate, yah-yah-yah
Promise we gon' be okay, yah-yah-yah
Victory is the only way, ah-ah-ah-ah-ah

Everybody, everybody run with me now
Run with me, today we will make history
Everybody, this is everything we dreamed of
Run with me, today we will be champions

Ah-ah
Ah-ah
Ah-ah
Ah-ah-ah-ah-ah
Ah-ah
Ah-ah
Ah-ah
Ah-ah-ah-ah-ah

(Everybody, everybody run with me now
Run with me, today we will make history
Everybody, this is everything we dreamed of
Run with me, today we will be champions
Everybody, everybody run with me now

Run with me, today we will make history
Everybody, this is everything we dreamed of
Run with me, today we will be champions)
