

California Coastline

Reed Deming

Sand in my vans, Sand in my vans
Ain't coming to your party cause I got other plans
Tell Your friends imma be gone for awhile
Got some new shades, a wakeboard and a smile
I spent an day just looking for the sun
Came all this way just tryna have some fun
California coastline baby here we come
And We're gonna hit it like 3 2 1 go!

Imma take you there
Imma take you there (to the California coastline)
Imma take you there
Imma take you there (to the California coastline)

Imma take yok there (to the California coastline)
Imma take you there
Imma take you there (to the California coastline)

Uh
Girl, what's your name?
Girl, what's your name?
Are you playing hard to get, cause I'm down for a game
We can fall in love and just hang for the night
Either way we gon'keep it going till it's light
Chasing you like the moon chases the sun
Like a solar eclipse in the sky when we're done
California coastline, baby here we come
And we're gonna hit it like 3 2 1 go!
