

Heaven on Earth

Reed Deming

I've been flying solo all of my life
And I was afraid heaven's too far away for me to find
But out of nowhere you came into my life
And baby you showed me what I've never known all of this time
You can make the sun shine all night long
You can turn melodies into a song
Searching for heaven but I had it all along
Cause every time I look in your eyes

I see heaven on earth
Heaven on earth
Heaven on earth

I see heaven on earth
Heaven on earth
Heaven on earth

And I don't ever wanna die
Cause every time I look in your eyes

I see heaven on earth
Heaven on earth
Heaven on earth

It's heaven on earth
Heaven on earth
Heaven on earth

It's heaven on earth
Heaven on earth
Heaven on earth

Time and time people won't believe
But we'll take it all with a grain of salt
Cause they won't see

Oh that you can make it right
Even if it's wrong
I could give you all the pieces of my heart
Searching for heaven but I had it all along
Cause every time I look in your eyes

I see heaven on earth
Heaven on earth
Heaven on earth

I see heaven on earth
Heaven on earth
Heaven on earth

And I don't ever wanna die
Cause every time I look in your eyes

I see heaven on earth
Heaven on earth
Heaven on earth

It's heaven on earth
Heaven on earth
Heaven on earth

It's heaven on earth
Heaven on earth
Heaven on earth

This is what heaven looks like
Lights in your eyes like stars in the sky
Every constellation every single sign
All of them point to you and I
I don't know what's waiting on the other side
But if I got you I'm forever alive
I ain't gotta run and I ain't gotta fight
You're heaven on earth my only paradise

This is what heaven looks like
Lights in your eyes like stars in the sky
Every constellation every single sign
All of them point to you and I
I don't know what's waiting on the other side
But if I got you I'm forever alive
I ain't gotta run and I ain't gotta fight
You're heaven on earth my only paradise

I see heaven on earth
Heaven on earth
Heaven on earth

I see heaven on earth
Heaven on earth
Heaven on earth

And I don't ever wanna die
Cause every time I look in your eyes

I see heaven on earth
Heaven on earth
Heaven on earth

It's heaven on earth
Heaven on earth
Heaven on earth

It's heaven on earth
Heaven on earth
Heaven on earth
