

# Just Imagine

Reed Deming

Just imagine if you were my girl  
Two crazy kids that could take on the world  
We've only met from just living on love 'till the end

Now imagine that I'm your boyfriend  
I'll put you first, give you all that I can  
Treat you like treasure, I'll do it forever and again

All the great romances, they don't know about love  
Romeo and Juliet gonna wish they were us  
Let's show them what we're made of

I want us to look back and see  
We wrote the book of you and me  
It's all about true love meant to be  
Just imagine, just imagine

The first chapter starts tonight  
In the story of you and I, come on  
We've got pages and pages to write  
Just imagine, just imagine

I imagine in 10,000 days  
We'll look around and the whole world has changed  
I guarantee you, I'll still feel the same

Cuz in this moment with you standing here  
There's just no question, it's all crystal clear  
It doesn't matter what anyone else has to say

All the great romances, they don't know about love  
Romeo and Juliet gonna wish they were us  
Let's show them what we're made of

I want us to look back and see  
We wrote the book of you and me
