

## Second Life

Reed Deming

I was a ghost, I was a shadow  
Running from home, feeling so shallow  
Thought I was alone, fighting my battles  
But all I had to do was turn around  
And you were there the whole time  
You never left once  
Fighting for my life  
You never gave up on me, yeah  
Even when I didn't know  
Even when I was your foe  
Showed me how far you would go  
And now I'm coming back home

To a second life  
This is my second life  
I'm getting a second try  
And this time I got you, whoa, you, whoa  
I'm coming home  
And I don't have to fight alone  
And no matter where I go  
I always know I got you, whoa, you, whoa

I've been through a lot, but I can accept it  
Even when I was lost, I was protected  
My phone was on silent, but you sent a message  
And all I ever had to do was call  
And you were on the other line  
You never left once  
Fighting for my life  
You never gave up on me, no  
Even when I didn't know  
Even when I was your foe  
Showed me how far you would go  
And now I'm coming back home

To a second life  
This is my second life  
I'm getting a second try  
And this time I got you, whoa, you, whoa  
I'm coming home  
And I don't have to fight alone  
And no matter where I go  
I always know I got you, whoa, you, whoa

Don't you run, don't you run, don't you run  
I will come to you  
Don't forget the plans I have for you  
The future that I give to you  
Don't you know, don't you know, don't you know  
What you mean to me  
And if you'll just trust in me  
I'll get you where you're meant to be

I'll give you a second life  
I'll give you a second try  
And for you I gave my life  
Because I love you, whoa, you

Coming home  
And I don't have to fight alone  
And no matter where I go  
I always know I got you, whoa, you, whoa  
(I got you, I got you)  
(I got you, I got you)
