

Something Real

Reed Deming

I don't know where to start if I'm honest
I've been holding on for too long
I wake up to the smell of your coffee
Even let you name my guitar
Still waiting for you to get back to me
Girl, your indecision's distracting me
Cause I know you don't know what you want
You don't know what you got till it's gone

And I don't know how to feel
I don't know how to feel
It was good until it wasn't
But I know you still feel something
So tell me how to feel
Tell me how to feel
Before it turns to nothing
Cause I thought that we had something real...
Before it turns to nothing
Cause I thought that we had something real...
Before it turns to nothing
Cause I thought that we had something real

Still have your note in my wallet
Holding onto feelings that passed
You put me in your back pocket
Thinking you could have me right back
And did you forget all those letters
Were you scared of moving too fast
Can you walk me through the moment
When you left and never turned back

And I don't know how to feel
I don't know how to feel
It was good until it wasn't
But I know you still feel something
So tell me how to feel
Tell me how to feel
Before it turns to nothing
Cause I thought that we had something real...
Before it turns to nothing
Cause I thought that we had something real...
Before it turns to nothing
Cause I thought that we had something real

You're running out of time
To say what's on your mind
I'm not gonna wait forever
Girl, it's getting late
Won't wait for you to change
I'm holding out for someone better
You're running out of time
To say what's on your mind
I'm not gonna wait forever
Girl, it's getting late
Won't wait for you to change
I'm holding out for someone better
But I'll be the one that you remember

And I don't know how to feel
I don't know how to feel
It was good until it wasn't
But I know you still feel something
So tell me how to feel
Tell me how to feel
Before it turns to nothing
Cause I thought that we had something real...
Before it turns to nothing
Cause I thought that we had something real...
Before it turns to nothing
Cause I thought that we had something real
