

You're The Only One

Reed Deming

I've got this feeling
That our love's just beginning to grow
Don't have to see it to believe it
It's a feeling you already know

Through the good and the bad, I will hold your hand
Fight for you, protect you, be all that I can
You've heard me say this before
But you're the only one I adore

You're the only one
These chains above remain unbroken
You're the only one
You know my heart's already spoken
Cuz there's no other, other, other
Cuz there's no other, other, other

I sit here waiting
Can't wait to hear your voice when you call
No more contemplating, masquerading
Will you be my once and for all?

Always know I'll be there when tomorrow comes
Your beauty makes my heartstrings come undone
You've heard me say this before
But you're the only one I adore

You're the only one
These chains above remain unbroken
You're the only one
You know my heart's already spoken
Cuz there's no other, other, other
Cuz there's no other, other, other
Cuz there's no other, other, other
Cuz there's no other, other, other

No sleep
Raindrops
Watch the clock
Tick-tock
Head spinning
Can't stop
At your door
Knock-knock
My heart
In a box
Sun-sealed
Padlocked
This is my one shot
This is our one shot

You're the only one
These chains above remain unbroken
You're the only one
You know my heart's already spoken
Cuz there's no other, other, other
Cuz there's no other, other, other

Cuz there's no other, other, other
Cuz there's no other, other, other

No sleep
Raindrops
Watch the clock
Tick-tock
Head spinning
Can't stop
At your door
Knock-knock
My heart
In a box
Sun-sealed
Padlocked
This is my one shot
This is our one shot

You're the only one
You know my heart's already spoken
Cuz there's no other
