

Resignation

Reef

How will I wake tomorrow?
Can laughter come from sorrow?
Well, I've been waiting
For a feeling
And I've waited a long time

Well, I've been around the world
And I ain't seen nothing like you
Well, I've been around the world
And I ain't seen nothing like you

How ever can I follow
All the words that you borrow?
Well, I've been waiting
For a feeling
And I've waited a long time

Well, I've been around the world
And I ain't seen nothing like you
Well, I've been around the world
And I ain't seen nothing like you

Well, I was over you
Before you told me to
I was the first to feel this way
Before you chuck me out
I was the first to doubt you
I was the first to feel this way

Well, I've been around the world
And I ain't seen nothing like you
Well, I've been around the world
And I ain't seen nothing like you

Well, I've been around the world
And I ain't seen nothing like you
Well, I've been around the world
And I ain't seen nothing like you
I ain't seen nothing like you
I ain't seen nothing like you
I ain't seen nothing like you
