

## Brand New Song

Reel Big Fish

i've got a brand new girlfriend  
she is so lovely lovely  
i've got a new ex-girlfriend  
she is so fat and ugly  
oh not you again it gets worse  
everytime and one plus two again  
won't work i can't divide it  
well i let it go, i don't care  
i love you when you're not there  
brand new song just for you  
i'm not sorry about the things i  
do  
i've got a brand new song  
it is so happy happy  
i've got a brand new attitude  
it is so hateful hateful  
not you again it gets worse  
everytime  
one plus two again won't  
work  
i can't divide it well i  
let it go i don't  
care  
i love you when you're not there  
brand new song just for you i'm so sorry  
(but that's not true) you keep tellin' me  
that it's so easy to forget it  
you keep tellin' me but i now i'll always  
regret it,  
well i let it go,  
you're not there i love you and you  
don't care  
a brand new song i've done my best  
i'm so sorry, sorry about this mess
