

# I Love/You Suck

Reel Big Fish

And right away, I knew when I met you  
That you were crazed, but I'd never forget you  
Well I've seen them come, and I've seen them go as fast  
But I knew this nightmare was one that was gonna last

I wanna let you go  
I gotta let you go

Why can't I just get over you  
You hurt me so bad with all the things you do  
And I try so hard, but I can't give it up  
I love you so much but I think you suck

I gotta say, I never thought this would be such a mess  
Things always change, but this time it changed too much I guess  
But I know the truth, even though I lied to myself so well  
But this was such a good, good thing, but you took it and you made it  
hell

I wanna let you go  
I gotta let you go

Why can't I just get over you  
You hurt me so bad with all the things you do  
And I try so hard, but I can't give it up  
I love you so much but I think you suck

I know you don't care for me  
And I know you're not there for me  
I gotta find a way but I don't know how  
I gotta cheer up and get myself out  
I gotta get away, I gotta get away  
You drive me insane and you make me wanna say

I gotta let you go  
I wanna let you go

Why can't I just get  
I know I gotta get over you  
So many little things that I could do  
And I've tried, and I've tried, but it's just no use  
Now what am I supposed to do?

Why can't I just get over you  
You hurt me so bad with all the things you do  
And I try so hard, but I can't give it up  
I love you so much but I think you suck

I think you suck (4x)
