

This song's gonna make you happy  
How could you ever be sad?  
Nobody ever gets what they want and that's too bad

I'm so happy I could kill you (kill kill)  
I'm so sick, I could save the world

This songs for the little girl  
Oh she's so sweet

I'm so happy I could kill you (kill kill)  
I'm so sick, I could save the world

There's your song and I hope you're happy  
And it gave you some hope  
Cause in the end it's all...

I'm so happy I could kill you (kill kill)  
I'm so sick, I could save the world
