Murder, murder, murder, murder, murder, murder
Kill, kill, kill

The colour of the collar trumps the skin
Don't matter what state the state is in
The Congo's wealth will do just fine
With cold war status in decline
Sycophant, kleptocracy
Built on the graves of IDP's
A blanket stitched with national pride
Look beneath it's genocide

Françafrique, françafrique
The Congo basin bleeding still
Françafrique, françafrique
The Congo basin bleeding still
Genocide was Paris will

Murder, murder, murder, murder, murder, murder
Kill, kill, kill

Mobuto Congo pimp and whore
As Paris' puppets guard the door
20 years on the earth still bleeds
9 million less mouths to feed
Hollywood brutality
And race is all we see
The final word on french cuisine
Bokassa's freezer in guide Michelin

Françafrique, françafrique
The Congo basin bleeding still
Françafrique, françafrique
Genocide was Paris will
Françafrique, françafrique
Congo-Belgique
