

Intimate Relations

Regina Belle

I feel the fire start to burn inside as you walk over
Take the silk, from your strong shoulder, let it fall
And in your misty eyes, I see the secrets of the universe
I touch your body and reveal them all
We are tenderly connected
Face to face, and heart to heart
And I just can't wait to feel the magic start

Darling, this will be a night, of intimate relations
Take me higher than I've ever flown
Darling love, the time is right for intimate relations
Deeper love than we have ever known

A thousand small explosions deep inside begin to thrill me
And with ESP, I see inside your mind
(Baby, what do you need)
You know I'm gonna take you to a time and space forever
To a world where we leave simple things behind
There are other loves between us
Right or wrong, I just don't care
I have climbed the bar, so, baby, take me there

Darling, this will be a night, of intimate relations

Take me higher than I've ever flown
Darling love, the time is right for intimate relations
Deeper love than we have ever known, oh, yeah

Lay down here beside me, baby
Give me all your love
Oh, you know I needed you
More an more, yes, I do, yeah
Lay down here beside me, baby
(Ooh, yeah)
Give me all your love
Baby, this is what we came here for

Darling, this will be a night, of intimate relations
Take me higher than I've ever, ever flown
Why don't you take me, baby, yeah, yeah
Love, the time is right for intimate relations
Deeper love than we have ever known, ever known

This will be a night, of intimate relations
Ever known, baby
And take me higher than I've ever, ever flown
Take me higher, yeah
Love, the time is right for intimate relations
Oh, the time is right, baby
Oh, intimate, oh, intimate relations, baby...
