

Tango In Paris

Regina Belle

Sweet ecstasy
Baby you and me
We're gonna take a ride
If you've got the time
I wanna make you mine
So do you, do you, do you

Boy you know
I'll make it easy for you
Dancin' and romancin'
It's all I wanna do

Let's go tango in Paris
You bring the Dom Perignon
It's time e to get it on
Let's go tango in Paris
Just you and I, boy
(You and me)

On a starlit night
I hold you in my arms
Boy it feels so right
I'm seeking the mysteries of love
Feelin' so close
I know what's on your mind

Boy you know
I'll make it easy for you
Dancin' and romancin'
It's all I wanna do

Let's go tango in Paris
You bring the Dom Perignon
It's time e to get it on
Let's go tango in Paris
Just you and I, boy
(You and me)

Let's go tango in Paris
You bring the Dom Perignon
It's time e to get it on
Let's go tango in Paris
Just you and I, boy
(You and me)

Excuse me sweetness
You've got me feeling much bliss
Lovin' each tender kiss
As we dance in the moonlight
Caress my body and hold me real tight
And Ooh, I'm lovin the way it feels
There's no doubt that this love is real
But to you I just can't say no
'Cause this is more than just a tango

Boy you know
I'll make it easy for you

Dancin' and romancin'
It's all I wanna do

Let's go tango in Paris
You bring the Dom Perignon
It's time e to get it on
Just you and I, boy
You and me

Let's go tango in Paris
Just you and me, boy
Sound so sweet

Let's go tango in Paris
You bring the Dom Perignon
It's time e to get it on
Let's go tango in Paris
Just you and I, boy
(You and me)

Tango in Paris
Any way you want it
I'm with you
S let's get it on
Skip the Perignon
You wanna dance in France, I'm gone
On a rendezvous for two
Just me and you
I wanna tango too
Qui qui qui parlez-vous
French kisses
And this is a promise I can keep
If you wanna dance all night
I can stand the heat
I wanna taste ya love
From your head to your feet
Bon appetit
