

# All My Life

Regine Velasquez

All my life, without a doubt I give you  
All my life, now and forever till the  
Day I die, you and I will share

All the things this changing world can offer  
So I sing, I'd be happy just to  
Stay this way, spend each day, with you

There was a time, that I just thought  
That I would lose my mind  
You came along and then the sun did shine  
We started on our way  
I do recall that every moment spent  
Was wasted time but then I chose to lay it on the line

I put the past away  
I put the past away  
I put the past away

All my life, I will carry you through  
All my life, between each hour of the passing days  
I will stay with you

There was a time, that I just thought  
That I would lose my mind  
You came along and then the sun did shine  
(The sun did shine)  
We started on our way  
(Started on our way)  
I do recall that every moment spent  
(Hmm... hmmm.)  
Was wasted time then I chose to lay it on the line

I want this all my life  
(I want this all my life)  
I want this all my life  
I want this all my life  
(I want this all my life)  
I wanted this all my life
