

# Long For Him

Regine Velasquez

I look at him and time stands still  
I hear his voice my life changes its course

I struggle everyday I fight at night  
There's just no way to stop this feeling I have inside

'Cause he's in my mind  
He's in my heart  
He's in my soul  
And I long for him

I hope he hears the name I cry  
I hope he knows the name I call in the night

(There's no other name)  
(I utter and cry)  
(In the depths of the night)  
(I want him with all my might)
