

Tonight

Regine Velasquez

Ooh ooh

Ooh ooh

I know the time is right
So baby hold me tight and love me
The stars burn bright tonight
So just turn down the lights and love me

I know that your love is true
And, baby, you've waited your whole life through

So, tonight, I give my heart to you
Make all your dreams come true
Spend the rest of my life with you
Tonight

Sweet music flows within me
Vibrations telling me to love you
I hear the melody
Sweet music telling me to love you

I know that your love is true
And, baby, you've waited your whole life through

So, tonight, I give my heart to you
Make all your dreams come true
Spend the rest of my life with you

Ooh ooh

So, tonight, I give my heart to you
Make all your dreams come true
Spend the rest of my life

Tonight, I give my heart to you
(Make all your dreams come true)
Spend the rest of my life with you

Tonight
Tonight
Hoo hoo
Hoo hoo
