

Lightning Strikes Again

ReinXeed

One man stand before
A nation as evil tries to rule
The ancient forest
Where people living as free

Steals from the rich and
Will deliver wealthy to the poor
This is the story of
The man in the hood

Evil in kingdom controlling
The nation when outlaw
Controlling the land
Thats the way to go,
if you won't stand alone

Can you see him sail
Across the ocean and sea?
godness will conquer evil
once again (once again)
When one man stands
Before a nation,
Lightning strikes again
All of the fairytales comes true again

"Wanted dead or alive"
Where the kings word, threaten by
An outlaw to control his
Kigdom of Notingham now

Evil in kingdom controlling
The nation when outlaw
Controlling the land
Thats the way to go,
if you won't stand alone

Our hero strike again tonight

Can you see him sail
Across the ocean and sea?
godness will conquer evil
once again (once again)
When one man stands
Before a nation,
Lightning strikes again
All of the fairytales comes true again
