

Don't Forget

Remedy Drive

We stood amazed in childlike wonder
Just to gaze at the stars we're under
How we'd love to get back to that place
Where did we get off the track and
Is there any going back?
Remind me of the beauty in those days

When you can't remember who you are
Don't forget you're priceless, you belong
You're part of something special
You are not defined by your past mistakes
You are beautiful in the eyes of grace
Child of the kingdom, don't forget

We can't lose our names, sons and daughters
Because we're famous to our Father
Princesses and princes, we are loved
So anytime you lose your way,

When you can't remember who you are
Don't forget you're priceless, you belong
You're part of something special
You are not defined by your past mistakes
You are beautiful in the eyes of grace
Child of the kingdom, don't forget

You are loved, more than anything
Bought by blood, are you listening?
You are born for another kingdom

When you can't remember who you are
Don't forget you're priceless, you belong
You're part of something special
You are not defined by your past mistakes
You are beautiful in the eyes of grace
Child of the kingdom, don't forget
Don't forget
