Remedy Drive

To hear the trumpet sound with no burning wick with no wedding gown

On your right side

There's tares amongst the wheat and goats amongst the sheep

On your right side

am I on your right side

Come away - I'll separate my people

Come away - I'll separate my own

Smoke stacks and glass walls

whitewashed tombs in stained glass halls

On your right side

Called out and set apart not country club not super-mart

On you right side

are we on your right side

Come away - I'll separate my people

Come away - I'll separate my own

Come out from them all my people

Come out come out now and I will receive you

Come away - I'll separate my people

Come away - I'll separate my own
