

## A Love That Will Last

Renee Olstead

I want a little something more  
Don't want the middle or the one before  
I don't desire a complicated past  
I want a love that will last

say that you love me  
Say I'm the one  
Don't kiss and hug me and then try to run  
I don't do drama  
My tears don't fall fast  
I want a love that will last

I don't want a just a memory  
give me forever  
Don't even think about saying good-bye  
'Cause I want just one love to be enough  
And remain in my heart till I die

So call me romantic  
Oh I guess that's so  
There's something more that you oughta know  
I'll never leave you  
So don't even ask  
I want a love that will last

Forever  
I want a love that will last  
I want a love that will last

So there's just a little more that I need  
I wanna share all the air that you breathe  
I'm not the kinda girl to complicate the past  
I want a love that will last

Forever  
I want a love the love that last  
Always  
I just want a love that will last  
Want a love that will last
