

Before Midnight

Renegade Five

When your near
I just feel that something is wrong
It's in the words that you say to me
Turn around
Take a look at yourself and be true
Is this the way you'd want to be
Somethings hurting
While the world is turning
Time just passes by
And there's no way to explain it
The rage is coming It takes me over
I feel so betrayed
Standing by myself
What I see, is a world full of faces that lies
This is all I can bring to this life I begun
I know that I loose it
Never gonna make it before midnight is here
(Midnight is here, midnight is here, midnight is here)

Without love
I got nothing that keeps me from pain
Just got to live with my memories
I was weak
When I told you I went into deep
All those words wasn't meant to be
The rage is coming
It takes me over
I feel so betrayed
Standing by myself
What I see, is a world full of faces that lies
This is all I can bring to this life I begun
I know that I loose it
Never gonna make it before midnight is here
(Midnight is here, midnight is here, midnight is here)
Midnight is here, midnight is here, midnight is here

What I see, is a world full of faces that lies
This is all I can bring to this life I begun
What I see, is a world full of faces that lies
This is all I can bring to this life I begun
I know that I loose it
Never gonna make it before midnight is here
(Midnight is here, midnight is here, midnight is here)
