

# I Need You Tonight

REO Speedwagon

How can I show you?  
I take back what I told you.  
'cause something happens when I hold you,  
And that makes everything all right.

And oh... oh... I need you tonight.  
I just need you tonight.  
I wrote all I can write.  
I just need you tonight.

I need you tonight.

Secrets I keep here.  
Buried so very deep here.  
If only somehow you could sleep here,  
You'd make everything all right.
