

It's Everywhere

REO Speedwagon

Lookin' for a love
Searchin' everywhere
I can't get enough and I don't really care
If it takes a lot of waitin'
'cause I've got the time to spare
It's gonna take a lot more lovin'
But we got plenty of that around here.

Laughin' heading home a woman could be fine
Flying back alone, I don't really mind
'cause it gives me the time for thinking
How so many people just ruin their lives
Folks miss out on so much lovin'
By picking it up before it arrives.

I can't see it but I know when it's there
I can just feel it, it's everywhere
I can't see it but I know when it's there
I can just feel it, it's everywhere.

Lookin' for a love
Searchin' everywhere
I can't get enough and I don't really care
If it takes a lot of waitin'
'cause I've got the time to spare
It's gonna take a lot more lovin'
But we got plenty of that around here.

I can't see it but I know when it's there
I can just feel it, it's everywhere
I can't see it but I know when it's there
I can just feel it, it's everywhere.
