He was almost handsome in a flattering light She's a fading beauty alone in the night She tries to catch his eye, and get his attention

He looks at her, and she turns away
They know their parts by heart in this play
Though they've never met, they've got matching obsessions

Before the evening's out, they'll be too close to mention

## [CHORUS]

Love, love, love
Blame it on love
Love, love, love blame it on love
Blame it on love

I drive by her house in the middle of the night She's burning her bedroom light Is she alone, or keeping company

I might as well drive by one more time She's already driven me out of my mind Now this old boy is loosing his sanity

I never thought that this could happen to me

[REPEAT CHORUS]

## [BRIDGE]

What kind of will do That makes us do these things we do

[REPEAT CHORUS]
