

Mending Fences

Restless Heart

You haven't said a single word to me this morning
Still upset about the fight we had last night
Well life's too short for silence in the hallway
Darling won't you look me in the eye

[CHORUS]

Time has come for mending fences
A little love, will fix things up
I know you care let's stop pretending
We've been cold long enough
So heart to heart
Why don't we start mending fences

We don't have to be so stubborn and head-headed
All those hurtful things we said don't matter now
So how about a hug let's start forgivin'
There's just one way to work this out

[REPEAT CHORUS]

[BRIDGE]

We may not always see things eye to eye
So come a little closer and let's compromise

[REPEAT CHORUS]
