Agony-agatha

Reuben

Just a big bass line and drums, got guitarists sucking
their thumbs,
4 barre or two, that's how to do it.

Play some keys, it makes it swell
I don't pretend I can play very well
But I like what piano brings to it
Before the idea gives way
I press record and I press play

Cause like a pain in my head, it won't let go, like a
beast in my bed, I can't say no
Like a crack in the windshield of my soul
it is, agony, agatha.

Just a verse and a chorus now, in my brain playing
round and round,
hang around on the loop further my buddy

Sometimes when I'm trying to write songs, I imagine I
turn the radio on, and think about what i'd like to
hear on it.

Thumping drums and chords, that's what i'm all about, A
bass and keyboards, it should get everyone walking out
YEAH!!!!

Cause like a pain in my head, it won't let go, like a
beast in my bed, I can't say no
Like a stain on the carpet of my soul
it is, agony, agatha.

it is, agony, agatha.
it is, agony, agatha.
"Oh Agatha, it's so amazing"
it is, agony, agatha.
"ITS SO GOOD"
it is, agony, agatha.
"Oh Agatha, it's so amazing"
it is, agony, agatha.
it is, agony, agatha.
