

# The Children Of Doom

Reverend Bizarre

The children of Doom. Doom's children.  
Ready to die for their master.  
The pilgrimage of pain. The call of death  
incites them to march faster.

Perplexed servants of the Snake Lord,  
seeking for the truth of their souls.  
Carrying the Fangs of the Serpent,  
to kill the room of their own.

Let's go!

The only truth you will ever find  
at the feet of your master  
is the message written for the blind:  
damnation, death and disaster.

Everywhere, the darkness is rising  
in the form of the evil tower,  
and all of them are connected  
to the horrid Mountain of Power.

The children of Doom. Doom's children.  
Ready to die for their master.  
The pilgrimage of pain. The call of death  
incites them to march faster.
