

Don't Look Anywhere Else

Revive

Danger comes with everyday
When we're working so hard to just get paid
And we lose our way
And we can't hear him crying

Don't look anywhere else for life
Don't look anywhere else for meaning
There's nowhere else to find
Your peace of mind
Cause I'm all you need
And I'm all yours

We sell our soul to the highest bidder
Then wonder why it won't get better
We've forgotten our Maker
Oh, don't throw your life away... HEY!
There's much more than making the day
There is meaning in the Maker
There is life with your Creator
There is peace with your Savior
