

Lift Me Up

Revive

Hello,
Need someone to lift me up,
Hello.

Find myself on my knees again,
My face is down, I'm wearing thin,
This road gets so hard, I'm full of doubt,
Falling down, I'm crying out.

But you lift me up when I fall down,
You lift me up when I fall down,
I'm holding on, (I'm holding on)
Holding on to you,
You lift me up when I fall down.

So I'll fix my eyes on you,
Throw off my sin like you want me to,
Move forward as you lead me on,
Because of you, now I'm strong.

'Cause you lift me up when I fall down,
You lift me up when I fall down,
I'm holding on, (I'm holding on)
Holding on to you,
You lift me up when I fall down.

Yeah, you lift me up, (you lift me up)
When I fall down, (when I fall down)
You lift me up, (you lift me up)
When I fall down, yeah.

You lift me up when I fall down,
You lift me up when I fall down,
I'm holding on, (I'm holding on)
Holding on to you,
You lift me up when I fall down.
