

# Take Me With You

Revive

This world's so crazy,  
Hard to play safely, no,  
I'm on this journey,  
Building my castle of sand,  
Yeah, chasing my plans.

Take me with you,  
Take me with you.

When the lights go down,  
When they go down, I'll belong to you,  
Change my heart and soul, my life and all,  
I belong to you, to you.

Sunrise is nearing,  
My darkness fearing, no,  
True colours showing,  
Got to go to the one who loves,  
Yeah, the one who loves.

Take me with you,  
Take me with you.

When the lights go down,  
When they go down, I'll belong to you,  
Change my heart and soul, my life and all,  
I belong to you, to you.

I'm not standing still,  
Yeah, I will follow.

Take me with you,  
Take me with you,  
Take me with you.

When the lights go down,  
When they go down, I'll belong to you,  
Change my heart and soul, my life and all,  
I belong to you, to you.
