

## Bound by Desire

### Revocation

Hunted through the depths of  
Innervision  
Spirit blades hack into  
My chest

Consequence comes crashing  
To collision  
Trembling swarm convulsing  
Through my flesh

Servant  
The beating drum  
Keeps you pliant  
Until the dawn

Minion  
Your grotesque display  
My tribute  
My pawn

Feel the fire  
The cold blue flame  
Bound by desire  
Invoke my name

Unceasing fire  
Lustful gaze  
Cannot deny me  
Your will I raze

Surrendering to the need  
Seek stimulation  
Trembling drooling shivering  
Sweet titillation

Dissolve in the slithering  
Poison spills without  
Taken spent and withering  
To perversion devout
