

Get Out Of My Head

Rex Goudie

I hold you to your promises*
But they all turn out to be fake
I'm standing here in silence,
Trust in you is a chance I take

If I could do what I wanted to
I might just say what I feel

I gotta get out of my heads
I'm running circles once again
So amazed and confused, I feel jaded and used
When will this end?
I gotta get out of my head

You came through the shadows
Making sure to hide your eyes
I'm trying to get the answers,
I'm tired of wasting all my time

If I could do what I wanted to
I might just say what I feel

I gotta get out of my heads
I'm running circles once again
So amazed and confused, I feel jaded and used
When will this end?
I gotta get out of my head

Woah

I've heard all these lies before,
I get what I deserved and more
So why should I believe you now?

I've had enough of you
But still there's no excuse
If I could do what I wanted to
I might just say what I feel

I gotta get out of my heads
I'm running circles once again
So amazed and confused, I feel jaded and used
When will this end?
I gotta get out of my head
