

Stressed Out

Rex Orange County

Yeah

They wanna take what's yours
They wanna go for dinner on your name
I let them take control and take me for a fool
It's such a shame
I never said a word and all time that I waited was a waste
They wanna see me stressed out every day, I know it
They wanna lie and still be friends
But when you're at your worst, they're not there
And you discovered that they don't care

So, you didn't know any better
Doesn't it feel unfair?
Doesn't it?
Doesn't it?
Doesn't it?

Hey!
They wanna see me stressed out every day, I know it (Yeah)
They wanna lie and still be friends
But when you're at worst, they're not there
And you discovered that they don't care

So, you didn't know any better (Oh, you wanna see how?)
Doesn't it feel unfair? (Only wanna check on me now)
Yeah, yeah

(Oh, you wanna see how?)
(Only wanna check on me now)
(Oh, you wanna see how?)
(Only wanna check on me now)
