

# That Girl

Rhett Akins

Green light turning red  
I slowed down, turned around  
Looked in the window next to me  
She took my breath away

Red light turning green  
Her blue eyes meet mine  
She smiles and there goes destiny  
Driving away from me

Now I can't stop thinking  
I can't stop wondering  
I can't stop wishing  
I've done something that goes

Got me looking over my shoulder  
Gotta have her and I haven't even told that girl  
Can't let her go and I can't hold her  
Now that I've seen her, I can't get over that girl

Gray skies turning blue  
I walk through the front door  
And out on the dance floor, there she is  
My second chance, I can't miss

Good luck turning bad  
I was waiting on the slow song  
I waited too long, I just can't win  
That girl disappeared again

Now I can't stop thinking  
Can't stop wondering  
Can't stop wishing  
I've done something that goes

Got me looking over my shoulder  
Gotta have her and I haven't even told that girl  
Can't let her go and I can't hold her  
Now that I've seen her, I can't get over that girl

Ain't got her name, ain't got her number  
No way out from the spell I'm under that girl's

Got me looking over my shoulder  
Gotta have her and I haven't even told that girl  
Can't let her go and I can't hold her  
Now that I've seen her, I can't get over that girl

She got me looking over my shoulder  
I gotta have her and I haven't even told that girl  
Can't let her go and I can't hold her  
Now that I've seen her, I can't get over that girl

Can't get over that girl  
Hey, has anybody seen that girl?  
Hey, has anybody seen that girl?
