

## Good Night

Miller, Rhett

There's a pen prickle light on a black sheet of night  
Its name, is your name.  
There's a whiskey kiss in a moment of bliss that goes on and on  
and on and on.  
Trapped in a life that I can't understand,  
And nothings worked out like I planned.  
Dreaming of things that never appear and I feel so lucky to be  
right here.

Good night. It's such a good night.  
Good night. It's such a good night.

Tentacle light all the times that I've tried to find you, and r  
emind you  
The way we would be we get lost and we meet it goes on and on a  
nd on and on  
Trapped in a life that makes no sense I ain't got no love I can  
't find no friends  
You come along like a big bright sun, and tell me I'm the only  
one.

Good night (good night) it's such a good night.  
Good night (good night) it's such a good night.

I went the wrong way, such a long way,  
But I ended up right here, with you my dear.  
I went the wrong way, such a long way,  
But I ended up right here, with you.

There's a pen prickle light on a black sheet of night,  
Its name, is your name.  
There's a whiskey kiss in a moment of bliss that goes on and on  
and on and on.  
I'm living a life that's brighter than gold, sweeter than honey  
will never grow old.  
I had a dream, and then she appeared and I feel so lucky to be  
right here.

Good night (good night) it's such a good night.  
Good night (good night) it's such a good night.  
Good night (good night) it's such a good night.
