

Dog Don't Bite

Rhino Bucket

Every time you come over, there's a weird vibe
I see you looking at my woman and I wonder
What happened last night
Everyday I go out to work, she's as happy as can be
I think there's something going on around here
And I don't think it's me

There's one thing I can't figure out
Every time you come around

How come my Dog Don't Bite?
How come my Dog Don't Bite when you come around?
How come my Dog Don't Bite you?

She's been waking up really pretty lately

I don't think it's for me
I see the smile on her lips now, every time I leave
Coming home every every night I find an empty nest
Waking up in the middle of the night I see her at her best

Every night I lay here and I wonder, why my dog don't bite
Seems to me that something's here asunder

Yeah something's not right
My dog and my woman are so happy, Lord knows it ain't me
I think it's time for you and I to step to step outside
I'll show you what I mean
