

Intro

Rhodes

All under my skin, everything all in my head
Take me home
All my love endlessly, take my heart
Or my soul

I don't wanna fade away
Am I gonna make you happy?
I don't wanna fade away
Am I gonna make you happy?

All my love endlessly, take my heart
Take me home

I don't wanna fade away
Am I gonna make you happy?
I don't wanna fade away
Am I gonna make you happy?

I need you so
I need you so

I don't wanna fade away
Am I gonna make you happy?
