

What If Love

Rhodes

Close your eyes, in shallow light
And lately I want to dream
Will you stay with me
Or turn and leave

What if love is a feeling to believe in
What if love is feeling that brings us all down to our knees
Is that so wrong, wrong, wrong, wrong, wrong
Is that so wrong, wrong, wrong, wrong, wrong

If I had to fight and stand alone
And keep you right I would keep your heart and hold it tight
With all my mind

What if love is a feeling to believe in
What if love is feeling that brings us all down to our knees
Is that so wrong, wrong, wrong, wrong, wrong
Is that so wrong, wrong, wrong, wrong, wrong
