When I fuck her chest to chest she know I feel her heart beat
We up babe we not falling
Tell them folks the money business we okay
Pull up throwed hundred thousand at DOA
Don't worry about your bitch coming home tonight she gone be okay
And I'm drunk in love babe you can be my beyonce

Too much money the safe done got full
I grew up hard raised by some bulls
Keep it real we ain't with the bull
And if I said it you know that Ima do it
Why they had to kill my dog, still putting money in the wall for nothing
Pistol in my draws and I'm not scared to bust it
Une down the road and he'll be back in ten
And I'm not coming to your club if my strap ain't in
Nigga best slap you in your face niggas ain't real no more naw
Hold out no more calls, but I gotta run it up cause I got kids to feed
New car you don't need the keys
Auto start me like need for speed
Fuck probation can't stop smoking I need the weed
I bet this shit gone knock, Swizz Beatz bass like this that Alicia Keys

And I'm in that section where them rich people be
